

North American Truffle Growers Association Annual Winter Conference and Truffle Dinner

March 2 - 4 2018, the University of Virginia Inn at Darden, Charlottesville VA.

The North American Truffle Growers Association is a 501-C3 non-profit organization dedicated to the education of both our members and the public on the agricultural and culinary world surrounding the elusive and highly prized mushroom, the truffle.

Because NATGA is a non-profit organization it relies entirely on its membership dues and sponsorships to hold its wildly successful Winter Event. Sponsoring this event is as beneficial to the sponsor as it is to NATGA.

Become a sponsor today!¹
